Amy:

I have decided to sit with U.S. Atty Walker with an attorney to disclose the facts whereby they can decide if Jeff, Marcantel, LaFleur, Ruby, Roy committed any crimes.

What I haven't decided is the time factor, before or after 5th decision and whether to notice the 5th as attached.

Please print attached for Stan's opinion as to the proposed action which should be self explanatory.

Inquiry: Would it caution the 5th to take a closer look, or is it his opinion its using a shotgun to kill a mouse and would be percieved as a threat by the 5th.

Thanks.

SB
