

I am 95 very old I am not well I get sick with any noise or moving around so I can't go to Court to help Susan

I would like the Court to know I only had \$430 a month to live and for the last 15 years Susan is the one every month helping me.

I saw she was the only one helping her father in his mess trying to solve things my oldest Daughter Lou can tell you Susan was the one always trying to help everyone for years long before the mess.

Her father was so bad things were never good between everyone long before Susan was Born she was not to blame for that.

She goes to Court alone and I want the Court to know she was alone doing the bad things years ago. All praying Rosaries everyday so she can start making things right in her life that have been hurting us for so long.

It's hard to remember everything but I know a lot of papers were not true. Susan said she has all the papers together to make her name right again. Things are not always as they look. If I could I would like to ask the judge to please take a close look at everything.

Thank you very much.
