Attn:
Beneficiary

I have set up a trust to transfer property in an attempt to try to save assets. These assets are subject to being revoked for several years and then some. I will likely disburse monthly checks hoping to avoid seizure of funds. However, these funds could be called back in given a revocatory action.

The circumstances involved are serious and still pending be it our fathers and or subsequently the Bell Family Trust legal problems. Any legal civil consequence that befalls him befalls The Trust Assets. We "should pray" that each of these circumstances will work out to all our benefit as they are presented to me to deal with. This will not be an easy task as we all are aware of the donors years of sexual indiscretions and his denial there is anything wrong with his behavior. There are over 70 victims and the potential for more victims in the future and that many plus potential for civil suits that could attach the trust assets.

Please find attached a copy of the trust and other documents per Mr. Friedman.

Sincerely,

Sue Bell
